

## **Senior Land & Measured Building Surveyor**

**BluePlan** is a well-established international supplier of quality assured **Land and Building Measurement Solutions**. We are a practice of highly trained **Chartered Surveyors** with a wealth of experience in this sector. Our motivated and dedicated surveying team utilise the latest technology, instrumentation and techniques to give a **complete quality assured service**. Our knowledge and experience mean that we fully understand the requirements of our clients and enable us to offer tailor made and value adding solutions to a variety of measurement projects.

We are looking for a candidate to join our team who can demonstrate key skills in land and measured building surveying. The applicant should be able to demonstrate adequate surveying skills ranging from topographic surveying and measured building surveying together with the ability to process survey data and produce final drawings. The candidate should possess the ability to work individually, as well as part of a team, with an emphasis on quality and attention to detail. A proven track record in this field will need to be demonstrated.
